**Period for Reply**

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If the period for reply specified above is less than thirty (30) days, a reply within the statutory minimum of thirty (30) days will be considered timely.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

### **DETAILED ACTION**

This Office action is a response to the amendment filed January 20, 2004 in which claims 1-3,10,16-18, 21 and 23-25 were amended.

The rejection of the claims under 35 U.S.C. 112, second paragraph is withdrawn in view of the amendment to the claims.

The rejection of the claims under 35 U.S.C. 103 (a) as being unpatentable over Den Herder is withdrawn in view of the amendment to the claims.

### ***Claim Rejections - 35 USC § 102***

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-2 are rejected under 35 U.S.C. 102(b) as being anticipated by Hemker (US 4,454,113).

Hemker teaches an oil-in-water emulsion comprising 5-25% oil (vegetable-triglyceride), 2.5-10% surfactant and the balance water (see abstract; col. 1, lines 23-33; col. 3, lines 16-25, 65-68; col. 4, lines 1-10; col. 5, lines 10-16 and 49-50).

Accordingly, Hemker teaching all limitations of the claims anticipates the claims.

***Claim Rejections - 35 USC § 103***

3. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

4. Claim 17 is rejected under 35 U.S.C. 103(a) as being unpatentable over Hemker (US 4,454,113)

Hemker has been discussed above. Hemker fails to teach applicant's intended use for with a solid synthetic fuel. However, intended use is given no patentable. Hemker teaches combining water, a glyceride and a surfactant. Therefore, Hemker teaches the method of producing a chemical change agent.

Claims 3-16 and 18-27 are allowable because the prior art fails to teach or suggest the glyceride, surfactant and water in combination with tall oil. The prior art also fails to teaches or suggest a solid fuel treated with an oil-in-water emulsion of a glyceride, a surfactant and water or an oil-in water emulsion of tall oil, a glyceride, a surfactant and water.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within

Art Unit: 1714

TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
